

A photograph of a room with two large windows covered in white plantation shutters. The shutters are partially open, revealing a view of a landscape with green fields and a blue sky with light clouds. The room has dark wood paneling on the walls and a dark brown carpet. In the foreground, there is a dark wood chair with a light-colored upholstered seat and backrest, and a matching ottoman. A small table with a green top and dark legs is visible on the left side of the frame. The overall atmosphere is elegant and sophisticated.

SHUTTERS

## Virtually maintenance free

Vogue Shutters provide the traditional look of Plantation Style Shutters without the maintenance problems of wooden shutters. Made from polyresin, this durable material is water resistant and will not blister, peel, flake, corrode or fade, making Vogue Shutters the perfect solution for any room inside or outside the home. Suitable for high humidity areas such as above kitchen sinks and bathrooms.

Easy to maintain, simply clean with soap and water. For additional convenience the two part hinge system allows the shutter panels to be easily removed from the window, taken outdoors and hosed.

Available in White, Pearl, Vanilla and Sandstone, the permanent finish will keep your shutters looking impressive for years. All Vogue Shutters are custom made to measure in Australia.

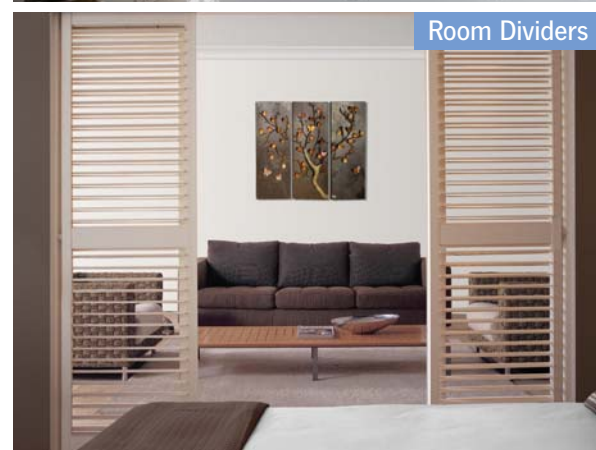

Versatile design for interiors and exteriors

SHUTTERS

The safe and sustainable choice

## Environmental benefits

Vogue Shutters are the safe and sustainable choice for the environmentally conscious consumer. Vogue Shutters are made from a unique polyresin 3 compound with UV inhibitors to ensure superior performance and longevity in the harsh Australian sun.

Vogue Shutters provide protection against heat and glare whilst adding style to your home. Vogue Shutters are 100% recyclable.

20 year warranty\*

### Fire Retardancy Information

Complies with the General Requirements of the Building Code of Australia for Fire Hazard Properties of materials in buildings\*\*

#### Fire

Ignitability Index	11	Range 0 - 20
Spread of Flame Index	0	Range 0 - 10
Heat Evolved Index	1	Range 0 - 10
Smoke Developed Index	8	Range 0 - 10

### Thermal Insulation

Vogue Shutters' hollow extrusions have been scientifically proven to reduce the amount of heat entering the home by 20 to 58%<sup>1</sup>.

\* Conditions apply. Five year warranty applies to shutter hardware. Visit [www.vogueshutters.com.au](http://www.vogueshutters.com.au) for warranty document.

\*\* Not suitable for use in parts of buildings with Special Requirements, i.e. fire isolated exits; public corridors leading to a fire isolated stairway, passageway or ramp; a patient care area of health care buildings; and in a public assembly building (e.g. theatre or hall) not protected by a sprinkler system.

1. Independent tests show that they can reduce "heat flux" by 20-58% depending on the degree of air exchange between the window and the shutter panel.

Hinged, sliding or bi-fold to suit your needs

## Clear unobstructed view

Vogue Shutter louvres can be rotated 180° to open and close in both directions, unlike other shutters which are only one-directional. Offering a clear unobstructed view when open, Vogue Shutters provide added insulation as well as complete privacy when closed.

Choose from either the Tilt Bar control, or the Clearview control to suit your style.

Hinged

Hinged panels can be single or double configuration. They can also be single hung or double hung.

Sliding

Great for room dividers and balconies, the sliding system gives you control in dividing or connecting different rooms.

Bi-Fold

Bi-fold panels range from 2 to 8 panels allowing you to cover widths up to 5m. Also available as a floating system in groups of 4 or 6 panels.

### Other product features

For a clean, contemporary look, Vogue Shutters have incorporated sleek divider rails and Weather Combs into the design to provide an unobstructed view.

The Weather Comb stabilises the shutters in windy weather conditions, preventing them from damage. It also allows for optimised airflow.

Exclusive Divider Rail

Streamline integrated handle to open and close.

Light Block & Interlock

Covers unwanted light gaps between panels.

Weather Comb

Stabilises shutters in windy weather conditions.
